

FEMCITY®

GROW YOUR BRAND LOVE

Created w/ love + prosperity vibes for you
by Founder of FemCity® Violette de Ayala

LET'S WARM UP:

What do you love most about the work you do?

What do you love most about the ways you help others through your brand?

What do others love most about you and your brand?

LET'S CREATE A PLAN TO GROW YOUR BRAND-LOVE

- What are aspects of your work you that you truly love?
- What are 3 of your favorite activities and tasks that are connected to your brand?
- What are your favorite services and offerings you provide to help others?
- Who are the people you love to work with the most?
- What are your favorite revenue streams?

HOMEWORK: For the month of February, connect with the parts of your brand you love most. This will bring clarity and reconnect you to what you love most about your brand. For items you didn't note, this is a great time to review, remove, edit and/or delegate the activities and the parts that don't bring you as much love. Stay connected to the growth and joy of your brand...for it will increase your opportunities, revenue, and happiness.

Where there is love, there is abundance.
